

Co-operative (ad)Venture

Do you want to build
your confidence?

Do you want to learn
new skills?

Do you want to make
new friends?

Many young people with learning difficulties, disabilities and autism are not given the opportunity to reach their potential, often facing barriers to education, training and employment.

We want to change that.

If you are aged between 16-30, have a supported learning need and answered yes to the above questions, then our (ad)Venture project is for you!

Through our *free 15 week programme* you will:

- Attend a 2 hour session twice a week for the duration of the project
- Be supported to identify your hopes, dreams and future goals
- Work together to run your own co-operative and develop new skills
- Gain a deep understanding of co-operative values and how these can enhance your life
- Have the opportunity to attend work experience/voluntary placements with local employers
- Boost your confidence and make new friends in a fun and supportive group
- Receive an accredited Certificate in Enterprise

If you'd like to find out more information about the (ad)Venture project in your area, including location and dates when you can attend, please contact:

Liam Flinn - 07591389069
